Election of Claims

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Applicants wish to thank the Examiner for his kind reconsideration of the previous election. In response to the Office Action mailed February 10, 2004 (Paper No. 19), Applicants elect to prosecute the aspect of the invention identified in Sec. 4. A1 (the peptide of SEQ ID NO 1 wherein Y is D-Leu and Z is NH-C₂H₅ or a salt thereof) and Sec. 4 BA (EGF or a substance possessing substantially the same activity as EGF).

Applicants note that claim 5 was not included in Sec. 4 of the Office Action, and wish to state for the record that claim 5 should be included for examination. The aspect of the invention set forth in claim 5 falls under the Examiner's group identified in Sec. 4 A1.

Applicants further note that claim 11 is a method of use claim.

Applicants make the election with traverse. Applicants assert that the species identified in Sec. 4 A1, A3, A5, A7, A9 and A11 all include the peptide of SEQ ID No. 1 wherein Z is NH-C₂H₅. Applicants do not believe that unification of the species identified in Sec. 4 A1, A3, A5, A7, A9 and A11 for present examination would unduly burden the Examiner in making a search for peptides represented by all of the sequences.

This is especially so as it appears that the Examiner is requiring that the composition recited in claim 1 also include the subject matter of claims 4 and 6.

No amendment of inventorship is necessitated by this election.

Early allowance of the claims is requested. Should the Examiner believe that a conference with Applicants' attorney would advance prosecution of this application, the Examiner is respectfully invited to call Applicants' attorney at the number below.

Respectfully submitted,

Date: March 3, 2004
